Contract No. SP-1918  
Conversion of Article 359

DK  
Confirming the verbal approval previously granted, you are authorized to convert article 359 from Project configuration to basic FOG configuration and re-identify as Serial No. 56-6692. Provisions for equipment applicable only to Project will be removed with the exception of giant stride provisions which will be retained. The aircraft will be painted the same light gray color as article 148. Upon completion of the conversion effort, the aircraft will be entered into the IRAN line for updating to the latest configuration. The WSFO is to be notified prior to completion of the IRAN effort so that delivery instructions may be issued.
